

As we make all our food fresh and daily within our kitchens it means that we often handle lots of different allergens. Whilst we aim to prevent any cross contamination, unfortunately the risk of this does remain as our chefs handle several allergens throughout the day. We therefore cannot guarantee that our dishes are allergen free or suitable for people with allergies.

If you have an allergy or intolerance, please let our team know before you order so that they can help you choose suitable dishes.

Our recipes do change from time to time so please do take time to check.

Key:

	Green means that this dish contains the allergen within an ingredient that can be removed or modified.
	Red means that this dish contains the allergen shown and cannot be modified.
	The letter M (May Contain) means that this dish or ingredients within this dish are fried in oil that might also be used to fry dishes containing that and other allergens.
